

Following Faithfully

Scripture Reading: Numbers 14:21-24

At home, when parents ask you to study, many a times you take out your books and pretend to study just because your parents might scold or punish if you refused to. Isn't it true that your mind is wavering in all directions even as you keep the book open before your eyes? All such times are completely wasted.

When the teacher is taking classes, we are diverted by thoughts of what clothes others are wearing, what they are doing; we might be chatting with those around us or playing with them. All of this shows that we're not interested in studies and we are wasting our time at school.

The scripture portion we've seen today says that Caleb followed the lord faithfully. He received the blessings of the Lord because he followed God faithfully. Caleb reached the land that God had promised to give. The number of men who started the journey with Caleb was six lakh, but just 2 out of that group reached the Promised Land. One of them was Caleb. If you are faithful in all your works you shall see then blessings of God.

Those who live faithfully will be saved. Caleb was protected from all dangers. Those who live faithfully are God pleasers. Caleb pleased God through his life.

Dear children, whatever you do in your life, if you are faithful to God, you will please God and will be blessed by Him.

Questions:

- 1) How did Caleb live?
- 2) What was the result of Caleb following God faithfully?
- 3) What should you do to please God?
