

God Who Gives Us Victory

Scripture Reading: Proverbs 21:25-31

No one ever wants or desires defeat. From the young to the old, all desire to be victorious in all that they do. We are discouraged when we are not victorious. The bible says that the horses and chariots are prepared for the battle, but the victory comes from the Lord.

When we waste all of our education times and later dream of being successful, it is just futile. A sluggard will not receive his desire even if he repeatedly longs for it. Only his worry and anxiety will increase. Do not dream with eyes closed rather dream with your eyes open.

In order to be victorious, we have to put in a lot of hard work and pursue it with all might. They train the horse and prepare it for the battle. If we bring up a dog in our house, we have to take time and train it.

We should never waste our days. We have to be clear in what we want and be thoroughly focused in training ourselves towards that goal. Nevertheless, victory is commanded by God. It is God who gives us the increase.

Our trust should be on God alone. When you believe that God will provide, He will perfectly do unto you what is required. He will command victory over us. We face a lot of failures as a result of trusting people. If you will show your complete focus on studies and make use of the time you have now, God will give you the victory.

Questions:

1. What should we do to be victorious?
2. To whom will God give the victory?
3. When will God give the victory?
