

## **Do Not Move the Ancient Land Mark**

### **Scripture Reading: Proverbs 22:28**

When we speak about landmarks or boundaries, most of us will relate it to a land or a place. In a particular piece of land, after the boundaries are set, it is then divided by placing stones alongside the boundary and fenced for protection. The country, the states within and all the places have boundaries. The seas have a boundary. The waves in the ocean have a boundary.

Similarly, even your life is full of boundaries. Our ancestors and parents teach us concerning this. For example, our parents will teach us some etiquettes like what kind of cloths to wear, how to respond to those who come against, how to choose your life partner and so on. We should not move those landmarks or change it.

Our parents have defined some ways and means. They are our boundaries. When we cross over those boundaries, we are bound to face afflictions and sorrows. We will be devoid of troubles when we don't avoid the boundaries. When we do not have boundaries (control), our troubles will increase. When a person leaves his country and enters the boundary of another country without going through the required formalities, he will be imprisoned. Similarly, when we move out of the boundaries set for our life, we are imprisoned in sin by satan.

Just as we obey God, we have to obey to the limits or boundaries our parents have set. Register this in your heart.

Deliverance comes only from God. Therefore, you yourself set boundaries in your life and follow it. Are the boundaries set over your life worrying you? (Or) Are you willing to accept and follow the boundaries set by your parents?

### **Questions:**

1. What are the places that have boundaries?
2. What should you register in your heart?
3. When will you be devoid of troubles?
