

Absolute Blessing

Scripture Reading: Proverbs 28:20

All of us desire for a blessed life. To score good marks, to have a good job, a house, car and many such blessings we desire to have in our life. In order to score good marks, we should never waste away our time but rather bring our mind and eyes under control and diligently study. The bible says that a faithful man will abound with blessings. We have to be faithful either we are noticed or not **noticed by people. In Rahul's school, the final exams were nearing. But still there were a lot of portions** that were pending which he had to study. It seemed to be an impossible task for him.

As he was thinking about it, his phone rang. One of his friends called him and said, 'We are getting the question paper before exams. We are not worried about the portions. You too join us. Just studying that question paper will help us score good **marks'**. **Rahul was confused as to what should be done.** He was sleepless. He thought that he will even be able to score the highest mark if he uses the question paper. If he refuses, he might fail when all others will score high. He was in a dilemma. But his conscience was condemning this thought.

After much struggle, he called up his friend and said that he will not use that paper but would rather study from his portions as much as possible. After the exams when the results were out, though he had scored less mark than his friends, he was glad that he was faithful. We will please God when we obey our conscience. Just as the foxes destroy the vineyard, the small mistakes we do will slowly lead our life towards destruction.
